

**Kenjgewin Teg has nurtured and developed partner agreements with several Colleges and Universities to help bring learning closer to Mnídoo Mnising, closer to home, family and work!**

At Kenjgewin Teg, we believe that learning is a lifelong process. We continuously strive to nurture confident, resilient learners of all backgrounds; our educational philosophy within programs of learning are culturally grounded in support of personal identity, growth and wholistic development.

We strive to support and engage all students in their own learning with high aspirations in becoming a good citizen of Mother Earth... living a good life! Check us out and see if our programs and place of learning is right for you!

## **CONSTRUCTION ESTIMATOR COLLEGE CERTIFICATE – CANADORE COLLEGE – CERTIFICATE PROGRAM**

**Start Date:** January 2018 – Part Time Status with Blended Delivery Schedule (includes evenings, weekends)  
**Tuition Fees:** Included

**Program Overview:** The Construction Estimator Program is designed to improve the knowledge and skill levels of persons working or wishing to work as estimators in the Commercial Construction Industry.

Individuals who previously learned estimating skills on the job or individuals wishing to enter the construction industry would benefit from this program. Areas to be covered include the role and responsibility of the estimator, use of tendering documents, cost planning/control, surveying, material quantities and unit costs, review specifications and take-off quantities, and preparation of bid forms.

The final phase of the program is designed for students to gain the knowledge necessary to run a complete project on site.

### **Admission Requirements:**

You can enroll in this course if you are 19 years of age or older, or if you have earned an Ontario Secondary School Diploma/Ontario Secondary School Graduation Diploma or equivalent.

### **Courses Required**

CEC110 Introduction to Cost Estimating  
CEC115 Material Estimating and Methods  
CEC120 Construction Contracts Bid Management  
CEC125 Construction Job Site Management  
CEC130 Basic Construction Methods and Technology
